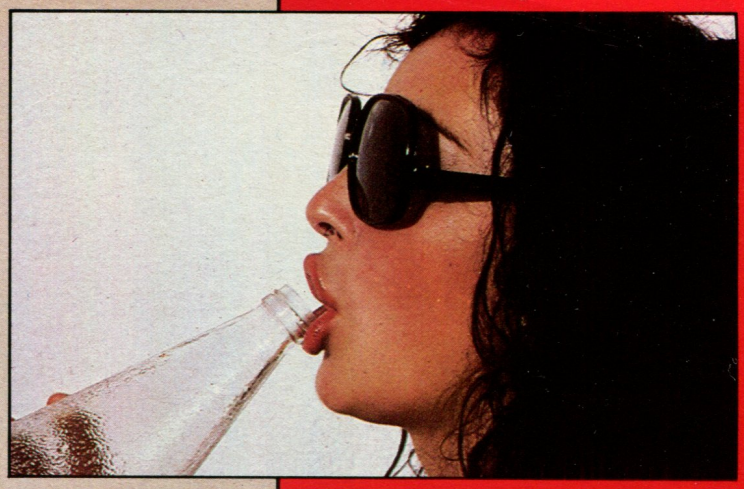
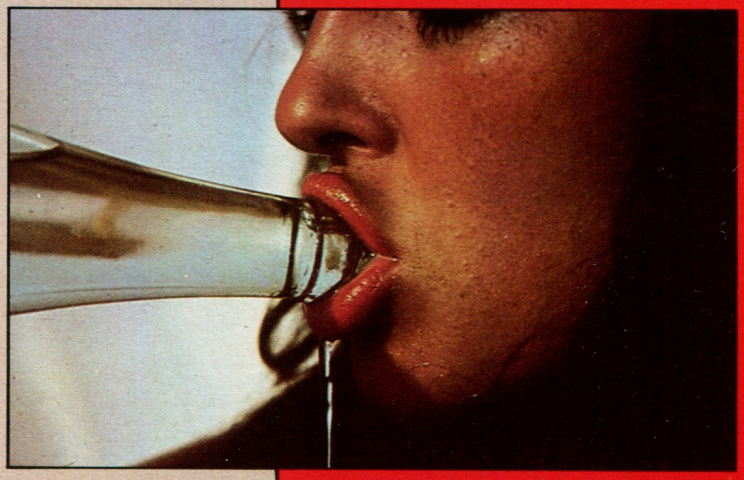
Felice: A Slow

At the height of her powers, Felice is a volatile, highly intoxicating substance, exuding ethereal odours which are easily pumped from big toe to the brain (where she accomplishes her best work, her masterpieces). She puts you to sleep. She wakes you up. Excessive amounts of her are liable to incite symptoms not unlike those announcing paralysis or coma.

Examining her statistics, it is to be found that she achieves this greatness of effect largely through a single plane of emotion—namely, hysteria. Instructions on how to make her follow directly. It takes a careful man to sift through all the recipes now available for his immediate consumption before he arrives at anything remotely fireproof these days.





Sasparilla Twist

Start with 4 eggs and 2 oz. of apple brandy. Separate eggs and whip whites into a gradual frenzy (till they resemble snow). The brandy is obviously held back until this texture has been achieved.

Add teaspoon of pineapple syrup, a sliver of lemon peel, crushed ice (to taste) and one piece of cinammon. At this point,

drop in a little vanilla extract or, if you prefer, some heavy whipping cream.

Measure these amounts accurately, a few squirts here and there, nothing too elaborate. Place red cherry in exact centre. Then sample a liberal amount of this hybrid mixture and expect to see numerous visions not otherwise on the agenda.

Lastly, stir in gentle fashion and sprinkle with interesting jewels.

All about surrender

This girl is a composite of things you wouldn't believe. Every sort of sacrifice occurs.

Livid cheesecake dreams dispensed with insight and enthusiasm, particularly those projects falling roughly within terrains of paranormal sex. All avenues fully sponsored.

Real sappy floor show for the scholar. Melissa kicks her legs high (stretching both nylon and imagination), so you can see how she might have hotted up the rest of this story.

So many flavours on sale right away

for those with heavy bankrolls. (Sentimental reasons for showing that much of her body). Don't waste time.

Strip off all outer layers and discover at close quarters the little bitch goddess who belongs in the bedroom. Has to change her phone number every 30 minutes.

MURIEL: THE PAGAN

Ah, Muriel. Look out. Mess around with her. Puts all other vaginas in waste disposal. She's asking right out. Come on. Hot love high up on the Richter scale. Unreal blow-jobs. A soft human pillow full of felonies. Never minces words. Firecrackers deep inside those fingernails. Not afraid. Yes, and maybe wake up the dead too with that seven league pussy howl. A whole shipment of perfume and witchcraft on its way. Got to taste it. Really warm up to the idea of mouth-to-mouth, for instance. All liquids considered. Little by little, arousal to the point of greed. Go ahead. Muriel is the pill that won't go down with water. Muriel is coming in through your windows.

REGAN

Utopia Tastes Red

The only position worth knowing Regan in, is horizontal. She itches inside. Take my word for it.

Dear reader...what would you like to see first?...There's quite a lot of me to be shared out...a firm

satisfying order of love...if you've time on your hands...oh, Nature is rich...don't you think so?...

I think you ought to be humming with curiosity...about my body ...any moment now...I shall

robably start to move...snap all my senses on to full potential...closer...I really like this game...

At this rate...I shall be excited in no time...assume various enticing shapes...it crosses my mind

that I'm naked now...well, I see no harm in that...besides, I feel...you're almost there...

OF THE MONTH

Does modelling for Knave magazine appeal to you? Did you like the idea but lack the information? Well, stop wondering, because we're re-opening the Amateur Model Competition, due to popular demand in this area. Now don't allow the word "amateur" or "beginner" disturb you in the least. Everybody has to start somewhere. We're certain that amongst all you Knave readers there exists plenty of girls with the natural talent in front of camera.

MODESTY

It's understandable if you're a little shy of going straight ahead. Some of you may feel that you're not glamorous enough. Apart from the fact that this is probably not true in the first place, in the second place we have a make-up artist and stylist present on set to ensure that you look very enticing before a single picture has been taken.

THE PRIZES

All we require is that you send us three pictures of yourself, and then it's all up to us. If we like what we see (and it's likely), we'll invite you for an expense-paid photographic test session. Then, if you're successful, you'll probably spend a whole day modelling for this photo feature, receive £150 (in addition to your expenses). The person who took your picture will receive £25 for their initiative in bringing you to our attention.

ENTRY REQUIREMENTS

Fill in your details on the coupon and return it to us accompanied by a minimum of three pictures of yourself, one of which should feature you in the nude. (Ideally, we'd prefer 35mm or 2¼" colour transparencies, but can accept colour or black-and-white prints). We will return all photographs if they arrive complete with stamped addressed envelope. So let's hear from you now.
